Healthy Marriages Make Churches Stronger

I have great hope for the marriages in our church because of our relationship with MarriageTeam. I am excited to finally have a coaching system that allows lay people the opportunity to help rescue hurting marriages. I now have coach couples who I can, with confidence, hand off hurting marriages to, knowing that this process gives the couple the best chance of marriage success that I am aware of.

I recommend, in the strongest way possible, the MarriageTeam ministry. In the many years that we have worked together, I have seen real miracles. MarriageTeam is really an expression of what every church should be doing, "for the equipping of the saints for the work of service, to build up the body of Christ."

MARRIAGE WAS CREATED BY GOD AND REPRESENTS CHRIST'S RELATIONSHIPS WITH HIS CHURCH. STRONG MARRIAGES ARE A WITNESS TO THE POWER OF CHRIST IN THE LIVES OF BELIEVERS.

MarriageTeam is a Christian nonprofit called by God to collaborate with the church to save and strengthen marriages. We recognize the pastor's role in determining what's best for his congregation. Underlying our call to collaborate, we believe...

- God has provided the church with the gifting and passion necessary to create strong and healthy marriages.

- You already have willing couples in your church who could become a powerful source of help once equipped.

Our model celebrates what God has provided within the church, by encouraging Christian couples to invest in one another while using their gifts to generously serve in marriage ministry and strengthen the body. It also equips them to minister to couples struggling against the destructive power of divorce while blessing their marriages and sharing the Gospel.

We understand that the problem of broken marriages often falls on pastors and church leaders. We can equip couples in your church to minister to couples in need of help. Coaches provide an environment for the Holy Spirit to work & change couples.

Coaching helps couples apply improved relationship skills to make agreements for changed behaviors. In the process, hearts are softened, couples really understand one another,

behaviors change, and their relationship is restored.

While our collaborative model has proven its effectiveness, it may not be the right approach for your church. Our desire is to be part of your solution for the marital issues you are seeing in your congregation. If you would like to learn more about marriage coaching, we would welcome the opportunity to explore possibilities with you. Give us a call, or email info@marriageteam.org for more information.

I think the part of MarriageTeam that has been most profound to me is the emphasis on what we do and what God does. I deeply appreciate that there is recognition that the exercises and discussions are merely tools for God to do something enduring in a broken marriage.
